Ozark Big-Eared Bat

An Arkansas Heritage Month Project

Birds, Bats, Bees and Trees

This bat has big ears and orange-red fur. During the day, it sleeps hanging upside down inside caves. At night, the bat hunts for moths and other insects. On summer evenings, you might see bats flying back to their caves. Hungry babies are waiting to be fed!

In what states is this species found?

Birds, Bats, Bees and Trees

An Arkansas Heritage Month Project

Five Bats - surrounding shou character represent Five Blessings of wealth, status, love of virtue, and natural death
